

Resolution #1269

A Resolution Concerning Healthcare for Illegal Immigrants

- 1       Whereas:       The taxpaying citizens of America cannot afford to fund healthcare  
2                       for illegal immigrants, especially considering the amount the US  
3                       already spends on them on a yearly basis; and  
4       Whereas:       It is unfair to give illegal immigrants healthcare when so many of  
5                       American citizens are living without it; and  
6       Whereas:       Giving illegal immigrants free health care supports a crime against  
7                       America by encouraging new illegal immigrants to come into this  
8                       country, and does not provide any incentive for existing illegal  
9                       immigrants to seek methods of becoming legal.  
10      Therefore:     Be it resolved by this Student Congress here assembled that: the  
11                       United States must not provide healthcare for illegal immigrants.

Respectfully Submitted,

Jade Kasoff

Bill #1287  
A Bill to Label Cloned Foods

1 Article I: The United States of America will label all cloned food products  
2 with a USDA seal. These labels will be honest and not mislead  
3 consumers in any way.

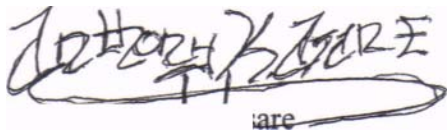

4 Article II: Cloned products include processed meats and milks from  
5 cloned animals and from their offspring.

6 Article III: This new policy will be implemented February 15<sup>th</sup>, 2008

7 Article IV: The United States Department of Agriculture (USDA)  
8 will oversee the enforcement of this bill.

9 Article V: All other laws that are in conflict with this policy shall be null and  
10 void.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Anthony Asare". The signature is written in a cursive, somewhat stylized font. Below the signature, the word "iare" is printed in a small, black, sans-serif font.
